

# GF Piping Systems

## Round Neutralization Tank Order Sheet

Mark desired location of tank's connections by inserting I (inlet), O (outlet), and V (vent) in the diagram below.

Part Number: \_\_\_\_\_

Size: \_\_\_\_\_

Material: \_\_\_\_\_

Inlet Size: \_\_\_\_\_ FPT unless noted

Outlet Size: \_\_\_\_\_ FPT unless noted

Vent Size: \_\_\_\_\_ FPT unless noted

Tank Diameter (inside): \_\_\_\_\_

Tank Height (inside): \_\_\_\_\_

Inlet Height (from bottom): \_\_\_\_\_

Outlet Height (from bottom): \_\_\_\_\_

Vent Depth (from top): \_\_\_\_\_

All tanks are custom-made to the supplied specifications and are not returnable. An authorized drawing is to be furnished for proper dimensions and locations of connections. No order will be accepted without order sheet. Once the order is accepted, the tank is non-cancelable.

^ = 40% Restock Charge

\* = Non-Cancelable/Non-Returnable
