# Manufacturer Declaration

## RoHS

The undersigned, representing the following

**Manufacturer:** Georg Fischer TPA s.r.l.  
Via Seminella 50M  
16012 Busalla / Italy

declare that the plastic raw materials and elastomers used by Georg Fischer TPA for the production of

iJOINT compression fittings and saddles  
TP branded valves and fittings made from PVC-U

**do not contain any of the substances listed in the Directives**

- **2002/95/EC** (initial RoHS-Directive, repealed in January 2013)
- **2011/65/EU** (RoHS Recast)
- **(EU) 2015/863** (Amendment of Annex II)

and that these substances are not added during production of the products.

RoHS is the EU Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment. Restricted substances are listed in Annex II of the Directive 2011/65/EU. The products made from the above mentioned raw materials are not in the scope of the RoHS Directive.
